# Welcome

We are a family run boutique British manufacturer of solid brass luxury architectural ironmongery, including the original and iconic Princess and Constable Collections, along with custom accessories for electrical applications and bathrooms.

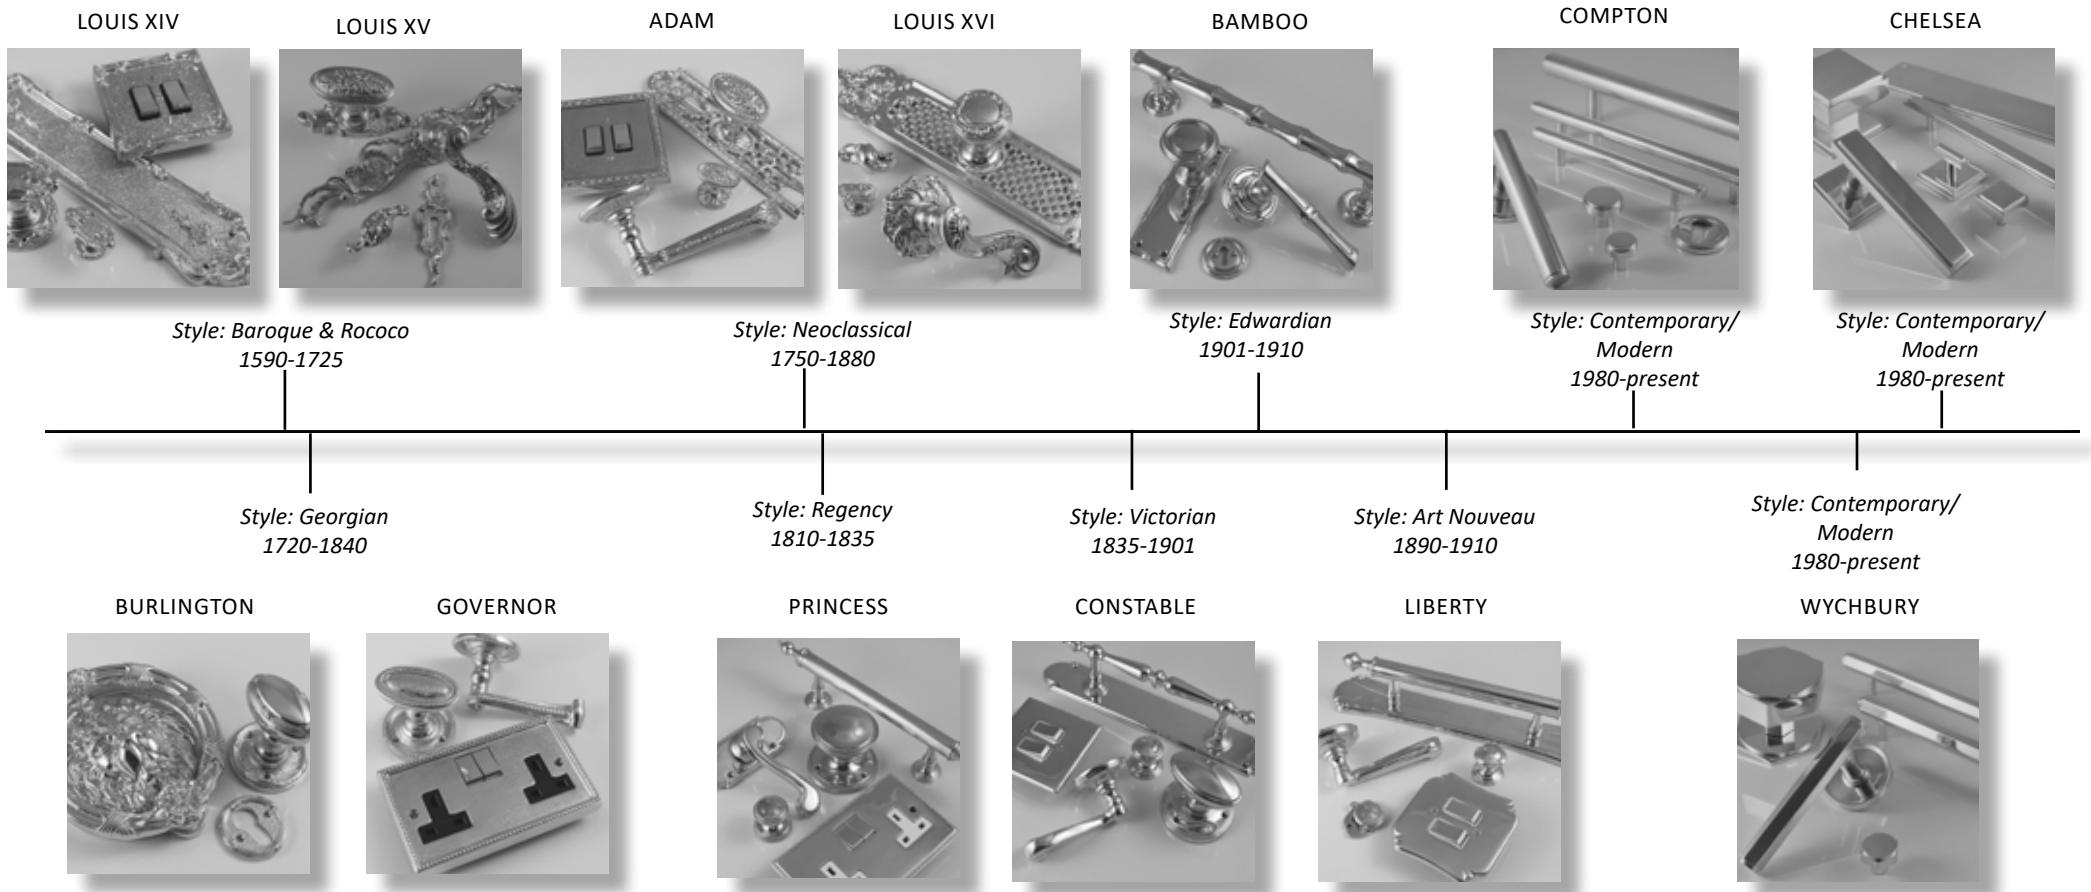

With a unique range of Collections dating back to architectural periods in the early 16th Century we offer a uniquely extensive range of Period, Traditional and Contemporary Door Furniture made from the purest Brass all manufactured, hand worked, polished and finished on site.... in England.

Along with our preferred partners, we work with professional and private clients worldwide to create elegant door and window furniture products for royal palaces, super yachts, stately homes and high specification private residences and hotels.

Here and on our website you can learn more about us, the work we do and how we can help you add those finishing touches of finer elegance

# Style Timeline

We are in a privileged position to be able to showcase to you our range of period, heritage, classic and contemporary Collections including the original iconic Princess and Constable Collections. All of our Collections make reference to a particular historical architectural style, helping you choose the right finishing touches to your home. Within our Collections you will find a number of product types; please browse through each one to see where you can add that luxury touch – not only to your doors!

*Finishes*

*Electro-Plated*

*Living Finishes*

All BrassArt products are available in any of our finishes. All finishes are either electroplated or living finishes (lacquered, waxed or un-lacquered). Colour and texture variation is inherent in the creation of hand finished patinas; once installed, touch, time and environment should lead to gradual wear and oxidization, lending character and elegance.

*Our Range  
of  
Architectural Ironmongery*

We manufacture a wide range of *Architectural Ironmongery*, including:

Entrance Door Furniture  
Kitchen, Bedroom & Bathroom Hardware  
Door Handles  
Door Knobs  
Escutcheons & Privacy Hardware  
Pull Handles  
Decorative Push Plates  
Window Furniture  
Door Bolts  
Electrical Accessories

As a Boutique manufacturer we also offer a *Custom & Tailored Service*.

You can also 'mix & match' the majority of our mortice knobs and door handles with most of our roses and back plates.

For more information please see our website or contact a member of our Sales Team.

*Custom & Bespoke Services*

We are also able to manufacture custom and tailored pieces.  
We can make exclusive hardware for your project or tailor one of our existing pieces to your needs.  
For more information, please see our website and contact one of our preferred partners,  
or alternatively contact a member of our sales team.

## *Further Details*

### *Electrical Accessories*

Our Electrical Accessories are also available in our other Style Collections:  
Louis XIV, Louis XV, Burlington, Governor, Louis XIV, Adam and Bamboo.  
Only our core ranges (Princess, Constable and Liberty) are pictured.

We are also able to manufacture alternative or custom electrical accessories, should you require a product which is not listed.  
Please enquire for more information.

Either black or white modules are available for each function; please enquire.

### *Screws & Fixing Equipment*

Each pair of hardware or individual product is supplied with standard wood screws in the finish specified.  
If you require longer screws or have any other additional requirements please contact us or make note of this on your order.  
Where applicable each product is also supplied with additional fixing equipment, ie. grub screw key.

## Hardware Tips & Advice

### We Recommend...

Sturdy solid doors- If you have hollow doors you may need back to back fixings – consult your carpenter.

Heavy duty latch or locking systems.

Using a professional carpenter/joiner.

Allowing time for your products to be hand made.

### Quantities

Make a note of how many doors you will be buying hardware for.

### Function Types

Be sure to check what type of door furniture you want on each type of door – if it's for a bathroom you will need privacy plate or separate locking system.

### Door Thickness

Our furniture suits 70mm depth doors, we can however meet the needs of those with differing door thicknesses by providing shorter or longer fixings – please let us know

### Measurements

Note down your backset, centres and stile measurements.

### Handing

If you require different finishes for different rooms you will need to state which side of the door requires which finish.

### External Factors

If your brass hardware is being used on an external door, in a sunny environment (abroad), a coastal area, a swimming pool area, or even if it is being used more often, this can affect the durability of the finish.

### Need Help?

We are always on hand to discuss your requirements or specific requests.

Please contact us should you wish to discuss anything.

## *Further Information*

### *Pricing*

Pricing is based upon product type, finish selection, as well as the size and complexity of the project.

### *Samples*

We appreciate that some customers require sight of our products before purchasing.

Our products are available to view at any of our current stockists, however, for those who require a sample on site then we do operate a sample policy.

Please see our website for more information

### *How to Order*

Using the appropriate coding and finish suffix, orders can be sent through to [sales@brassart.com](mailto:sales@brassart.com)

# Terms & Conditions

## **Pricing, Delivery & Charges**

Prices are in £ Sterling. Any and all goods ordered will be invoiced at the price ruling on the day of order and will include VAT if applicable. Deliveries to UK Mainland (including Northern Ireland) will be on standard next day delivery conditions. Currently the charge is £10.50 for net order values of £200 (excl VAT) or less.

## **Quotations**

Quotations remain valid for 90 days (excluding gold & silver plating quotations) from the date of quotation unless specifically agreed otherwise in writing.

## **Delivery & Risk**

Delivery of the Goods shall be made to the Customer at the place specified in the contract or as subsequently agreed between the parties and the risk in respect of the Goods shall pass to the Customer from the time the Customer accepts delivery of the goods. BrassArt Limited manufacture specifically to order and so deliveries will generally be not less than 2 weeks. Delivery dates therefore are given in good faith and whilst every reasonable effort shall be made to keep any delivery date, time of delivery shall not be of the essence and we shall not be held liable for any losses, costs, damages or expenses incurred by the Customer or any other person or company arising directly or indirectly out of any failure to meet any estimated delivery date.

## **Shortages and Non delivery**

Any shortages must be noted on the drivers manifest and it is the Customers responsibility to thereafter notify us of any variances within 48 hours of delivery. We will not accept liability for goods lost in transit unless we are notified within 5 days from the expected delivery date.

## **Damaged or Incorrect Goods**

As internal damage cannot always be identified on delivery, the Customer must sign the drivers manifest as "unchecked". Should any damage be identified on opening the package, the company must be advised within 48 hours of the exact damage.

## **Return of Goods**

Goods may only be returned for credit, exchange or refund within 28 days of receipt and with prior agreement by the company. There may be a restocking charge of a minimum of 25% of invoice value for standard items only.

## **Cancellations or Amendments**

Cancellation of orders is subject to the approval of the company.

## **Liability**

All quotations are given and goods sold subject to the condition that the companies liability is limited to goods proved to be defective in material or workmanship when they left the companies factory. No claim will be accepted where goods have been used for any purpose for which they were not intended, not fitted correctly, not maintained according to the companies guidelines or have been misused or abused. The liability of costs shall be limited to the cost of the goods sold.

## **Retention of Title**

The Goods sold under these Terms and Conditions shall remain the absolute property of the Company and legal title in the goods shall remain vested in the Company until payment in full of all amounts invoiced or due to the Company in respect of the Goods received.

## **Payment Terms**

Where a credit account exists payment is due 30 days from the end of the month in which the invoice is raised. A discount of 1.5% will be given for 50% payment with order and 3% for full payment with order. Where no credit account exists the Company reserves the right to request full or part payment prior to delivery.

## **Right to Change**

The Company reserves the right to change individual products, part numbers and/or prices without advance warning but will make every attempt to fully communicate changes if they are required.

## **Errors & Omissions Excepted**

# Warranty

In addition to your consumer rights we offer the following warranty:

Subject to the terms and conditions of this Warranty, Brassart Limited ("BA") warrants to the original end user/Purchaser that each of BA's products shall be subject to the following Limited Warranty provisions and other specific or implied conditions and shall be non-transferable.

The warranty shall commence from the time of installation and will be valid only subject to proper care of the product(s) in accordance with BA Guidelines and must be installed by a qualified and competent installer.

## Limited Warranty – Mechanical

- Products manufactured by "BA" shall be free from breakage for the lifetime of the Product except as otherwise provided for in this Warranty.
- Products manufactured by "BA" shall be free from internal mechanical defects, including, but not limited to; defects in all moving parts contained within the product for 5 years commencing on the date of fitting by the end user Purchaser.

## Limited Warranty – Finishes

- On Plated finishes 10 years including but not limited to Electrophoretic lacquer, Nickel and Chrome but specifically excluding other finishes specified below.
- On Plated Gold and Silver and lacquered brass 2 years.
- Patina finishes and other specialist applied patinas including but not limited to Un-lacquered brass, Bronzing, Antiquing and distressed finishes are hand prepared and applied and therefore develop their own patina over time; this is part of their charm. These finishes are not warranted but we make exhaustive efforts to provide consistency across all surfaces and across products.
- 'BA' Titanium Gold or PVD as it is commonly referred to is a highly resistant finish which is guaranteed for 25 years

## Conditions of Use

The above warranties are offered on the condition that the product is to be used in non-hazardous atmospheric conditions and free from the effects of high temperature and humidity and salt ingress. In these conditions please seek further advice from 'BA' directly.

## Remedies

If a claim is made under this Warranty and after investigation by 'BA' proves to be valid 'BA' will at its sole discretion repair or replace the defective product. Following repair or replacement the original warranty period will continue in effect and be specifically applicable to the repaired or replaced part or product. If an exact replacement of the part or component is not available because it has been discontinued 'BA' reserves the right to refund all or part of the original purchase price of the product; this shall be at its sole discretion. Further to this 'BA' shall not be obligated or responsible for any costs of original installation, repair, or replacement, or for loss of or damage to any material which is not sold by 'BA'. The remedies provided under this warranty shall be the sole and exclusive remedies and 'BA' shall not be liable for any other remedy or damages including without limitation incidental, consequential and special damages.

## Warranty claims

All claims and other communications under the terms of this warranty must be in registered in writing briefly describing the defect and be accompanied by a proof of purchase or installation. The claimant must provide any other information reasonably required by 'BA' and if requested must permit inspection of the product by 'BA'. Warranty claims can be delivered by email or postal mail and will be acknowledged promptly on receipt.

Our warranty is in lieu of all other warranties, express or implied, including but not limited to the implied warranties of non-infringement, merchantability and fitness for a particular purpose. This warranty does not affect the statutory rights of the purchaser or end user.

# Technical Information

## Testing Performance

Lever handles have been successfully tested to BS4951 category 1 'heavy duty'. The European hardware standard for lever handles and knobs at the date of publication remains provisional within standard number pr EN1906.

Locks have been successfully tested to BS5872 category B 'heavy duty'. The European hardware standard for locks within pr EN 12209-1/2 remains provisional/

Lock cylinders have been successfully type tested for conformity to the requirements of BS EN1303.

Hinges (ball bearing) have been successfully tested to BS7352 category 8. The European hardware standard for hinges within pr EN1935 remains provisional.

## Fire

BrassArt lever handles have been assessed as suitable for installation to 30 minute or 60 minute fire resistant door sets tested to BS476, Part 22 1987.

## Springing

Unless ordered otherwise, lever handles and 64mm knob sets are sprung and 51mm knob sets are un-sprung.

## Standard Fixing Methods

Lever handles and knobs within almost all of our Collections ( Louis XIV, Louis XV, Burlington, Governor, Louis XVI, Adam, Princess, Constable, Liberty and, Bamboo) are face fixed with lever or knob circlipped to back plates for extra strength. In addition they are fixed spindle to spindle with grub screws into the Lye spindle.

Lye spindles are 8mm square, slotted and 110mm long/ Spindles for bathroom turns are 5mm square.

Pull handles for bolt through handles 102mm long bolts with a 1.4 Whitworth thread are supplied. For back to back fixing left and right hand threaded self locking bars with an overall size 152mm are supplied.

All products are supplied with appropriate size slot headed screws for wood doors. If alternative methods of fixing are required for metal doors this should be stated on the order. Washers and fixing bolts are supplied with the pull handles.

## Lock centres

BrassArt locks have standard centres of 57mm for lever keyhole and bathroom locks and 51mm for cylinder locks, and locks will be supplied with these centres unless ordered otherwise. It is essential to check lock centres on orders.

Lock plates of minimum length of 171mm will accommodate locks of 72mm centres.

## Electrical accessories

All BrassArt switches are 10 amp with polished brass rockers supplied as standard. Sockets are 13 amp with polished brass rockers.

Single switch plates are 95mm square and double switch plates are 157 x 95mm (Traditional Collections only).

There are a large number of variations available in the electrical accessories. Details may be obtained from the company.

## Decision on lacquering

The company recommends that products, where suitable for lacquering, are lacquered when installed internally. It is recommended that un-lacquered products should be supplied when installed externally.

## Solid Brass

All BrassArt products are manufactured at our Lye factory from the finest solid Brass. Pull Handles are made from high-grade solid brass but on some occasions the pull may be hollow tube.

Examples average weights:

901 Letter Plate 1.20kg

930 64mm Mortice Knob 1.80kg

933-40 Pull on Plate 1.05kg
